

Privacy Policy – Wiper 2.0

Effective Date: 18 January 2026

1. Introduction

Wiper 2.0 (“the App”) is a Windows desktop widget designed to help users organize files on their local device. Your privacy is important to us, and this Privacy Policy explains how the App handles data.

2. Data Collection

Wiper 2.0 does not collect, store, transmit, or share any personal data.

The App:

- Does not require account registration
- Does not collect personal information
- Does not track user activity
- Does not use analytics, ads, or third-party trackers

All file operations are performed locally on your device only.

3. File Access

Wiper 2.0 accesses files only for the purpose of organizing them into folders that the user explicitly configures.

- Files are moved or organized locally
- No files are uploaded to the cloud
- No file content is read, copied, or shared externally

4. Internet & Network Usage

Wiper 2.0 does not require an internet connection to function and does not transmit any data over the network.

5. Third-Party Services

Wiper 2.0 does not integrate with third-party services, advertising networks, or external payment providers.

6. Children’s Privacy

Wiper 2.0 is not directed at children under the age of 13 and does not knowingly collect any personal information from children.

7. Security

Because Wiper 2.0 does not collect or store personal data, there is no personal data at risk of being exposed. All actions remain local to the user’s device.

8. Changes to This Policy

This Privacy Policy may be updated if the App’s functionality changes. Any updates will be reflected in the Microsoft Store listing or accompanying documentation.

9. Contact

If you have questions about this Privacy Policy or the App, you may contact the developer via the Microsoft Store publisher contact details.
